

PRIMARY STACKED
Used most frequently.

2-COLOR STACKED
Used only if you CANNOT use the primary stacked version due to spot color constraints.

BW STACKED
(Black and White) Used for better legibility and clarity in a black and white setting. Example applications: black and white newspaper ad, sponsor poster, etc.

SKETCHBOX
Used only if you have to place the logo on a busy background. We do have a reversed logo that can be used instead of the sketchbox.

2-COLOR SKETCHBOX
Used only if you have to place the logo on a busy background. We do have a reversed logo that can be used instead of the sketchbox.

BW SKETCHBOX
Used only if you have to place the logo on a busy background. We do have a reversed logo that can be used instead of the sketchbox.

SECONDARY HORIZONTAL
Used only when space constraints demand it.

2-COLOR HORIZONTAL
Used only if you CANNOT use the secondary horizontal version due to spot color constraints and space constraints.

BW HORIZONTAL
(Black and White) Used for better legibility and clarity in a black and white setting. Example applications: black and white newspaper ad, sponsor poster, etc.

REVERSED STACKED
Used only on darker backgrounds.

STACKED HORIZONTAL
Used only on darker backgrounds when space constraints demand it.
